

High Support Needs Committee's PATH

30th June 2010

Make a toolkit to support people with HSN to run their committee

Fun, meaningful, fulfilled lives with lots of opportunity

Get an award

Get paid for what we do

Dream

Drama to inform and train people

To be top priority for government

More Campaigning

To campaign for employment for people with high support needs

To meet with the MPs in Cambridgeshire and develop a good relationship

For members to have the right support to fulfil their role

All members to have the right support to fulfil their role

Help to think about issues

Support from the same people at meetings

The LDP always ask us— how have we included people with high support needs? Have we got it right?
